

Friends United – Paul Winter (left) welcomes Robin Gowler (FSMAE and chairman of the BMFA) to the CLAPA stand

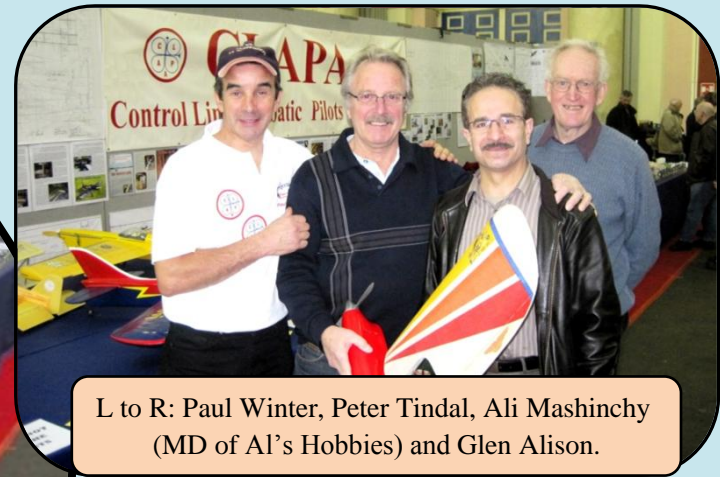

The CLAPA display at the 2011 Ally Pally Model Engineering show was another great success and received compliments from many sources. With the help of Peter Tindal and John Benzing, Paul Winter put together an eye-catching array of 15 stunters, enhanced this year by the addition of a 45 minute looped video presentation showing flyers in action both in the UK and the USA. Thanks are extended to Ian Russell, Irvin Ella, Steve Foster, Gary Church, Glen Alison and Peter Jackson for helping to man the stand and for providing models.

From small beginnings.....

CLAPA AT ALLY PALLY - JAN 2011

L to R: Paul Winter, Peter Tindal, Ali Mashinchy (MD of Al's Hobbies) and Glen Alison.
